

5th August 2008.

Testimonial for Nicky Green Recruitment Pty Ltd.

As principal of Axis Financial Services Group a multi faceted financial services business I have found it very difficult and time consuming to engage in the many tasks involved when looking to employ additional staff.

Nicky has thoroughly **viewed** my business, obviously **assessed** my staff **desired** profile, one that will **fit in** with my established operatives, and she is most capably able to provide me with the end short list of position applicants along with her personal **recommendation**. To date her end recommended applicants have been “**spot on**” for my growing **business needs and traits**.

I would recommend Nicky’s services with the highest of accolades to any and all prospective employers. As I profess to my clients and business associates, the art of **success** is to surround yourself with **the best** operatives in the various fields of business who in turn **support** you, and I have found Nicky Green Recruitment **professional and the best**.

Yours truly

Peter Fitzpatrick Dip.FP
